Beautify Your Subdivision Entrance! The Village Board Has Allocated \$1,000 Per Homeowner Association (HOA)

Good news! For those of you who have been wanting to beautify or enhance the entrances to your subdivisions or have had a project in mind but lack the funds, help is on the way.

At the Board Meeting held on January 20, 2021, the Village allocated \$1,000 for each Homeowner Association to be used for new beautification projects. Associations will be provided grants through an application process to be approved by the Beautification Committee. Please note this opportunity is not for regular maintenance.

The Village Of Olympia Fields Launches A Backflow Prevention Cost-Sharing Program for Property Owners

The Backflow Prevention Program is a cost-sharing program to assist property owners that have experienced at least one backflow event, involving sewage from the sanitary sewer system, with the installation of a backflow prevention system.

Participation in this program is based on a first-come, first-served basis, with a maximum of 10 homes per year eligible.

Learn More About The Village's "Backflow" Cost-Sharing Program

Consult The Village's New Arborist, Daryl Loshiavo, On Tree Care

Residents seeking guidance on tree-related issues can now consult with Public Works employee Daryl Loshiavo. Mr. Loshiavo has recently become a certified arborist and can provide best practices as it relates to pruning and other methods to save trees. Residents interested in his services can contact Public Works at (708) 503-8200.

Protect Yourself Against Carjackings

Crimes of this type are on the rise in the entire metropolitan area. The Village has responded by sending alerts to residents indicating the nature of the crime as well as an awareness to reduce such incidents to keep you safe.

Exercise Heightened Awareness In Carjacking Hotspots, Including:

- Anywhere a driver slows down or stops
- Residential driveways (getting in and out of the vehicle)
- Parking lots and garages
- Gas stations
- ATMs
- Highway entry and exit ramps
- Intersections with stoplights

Follow These Safety Tips:

- Be aware of your surroundings.
- Make it a habit to start your car and drive away immediately.
- Look around for suspicious persons sitting in vehicles or loitering in the area before entering/exiting your vehicle.
- Park in well-lit areas that are visible to the public.
- Keep windows rolled up and doors locked no matter how short your trip or how "safe" the neighborhood.
- Trust your instincts. If you feel something is wrong, leave the area.
- When stopping in traffic at a stop sign or stop signal make sure you have room in front of you to maneuver and escape, if necessary.
- Keep your cell phone in your pocket. If your vehicle is stolen, you will be able to call 9-1-1.
- Teach your children to enter and exit the vehicle quickly.
- Create a Smart911 profile and include your vehicle information.

If You Are The Victim of a Carjacking:

- If you are confronted by a carjacker give up your car and leave the scene.
- Your vehicle can be replaced. You are irreplaceable.
- Avoid verbal/physical confrontations.
- Make a mental note of the suspect(s) description and their vehicle's description (if they have one).
- If there is a child in the vehicle, let the carjacker know "my child is in the car."
- Call 9-1-1 immediately to report the crime.

Schedule Your COVID-19 Vaccination

Limited supplies of COVID-19 vaccines are now available at select stores to individuals 16 years of age and older who meet state-specific eligibility criteria.

Find out if you're eligible and learn more about the vaccine [here](#).

All You Need To Know About Village Snow Removal

The Village strives to have all Village-owned streets and public parking areas plowed and salted within 10 hours after a snowstorm has stopped.

Completion times are extended with larger snowfalls. Street crews apply highway deicer salt when snow accumulation is under 1.5 inches, at which point, plowing begins.

Busier streets are plowed first, followed by secondary streets, then cul-de-sacs and dead-ends.

Completion times are extended with larger snowfalls. Street crews apply highway deicer salt when snow accumulation is under 1.5 inches, at which point, plowing begins.

Busier streets are plowed first, followed by secondary streets, then cul-de-sacs and dead-ends.

Not all streets within the Village are the responsibility of the Village to plow. For instance, Western Avenue, Governors Highway and Lincoln Highway are State-controlled; and Vollmer Road and Crawford Avenue are County-controlled.

Receive Emergency Alerts Via Text, Email Or Phone Message By Signing Up For CodeRED

The Olympia Fields Public Safety Committee is requesting residents to sign up immediately for CodeRED and ALERTS to ensure you and your family receive facts about issues that contribute to your safety and well-being, in real-time! Maintaining public safety is what has shaped the character of this village.

Do you have an unlisted number, or have changed your phone number or address within the past year? If you no longer have a traditional landline or now use cellular phone or VoIP as your primary number, now is the time to re-register.

Register For Park District Activities

The Olympia Fields Park District is continuing to take an abundance of caution to protect our community, participants and staff.

The district will be permitting the use of the Bradford Barn during the Winter and Spring months for social gatherings and events under current DCOE and IDPH guidelines. Please call our office at 708-481-7313 for more information.

The park district will also continue to offer recreational activities during the Winter and Spring seasons.
